## PREFACE

This volume contains Part II (M—Z) of an Index to the Wills proved, Administrations granted, Inventories filed, and other kindred documents preserved, in the Probate Registry at Chester during the years 1811 to 1820, both inclusive. Part I of this Index forms Volume 78 of the Society's publications.

As in the case of Part I, the MS. Index at the Registry has been followed as a general rule, but occasionally when an entry in that Index seemed to be erroneous or inadequate, reference has been made to the actual Will, or other original document, and the necessary correction or addition supplied. Extensive use has also been made of contemporary Directories, which frequently threw light on obscure entries in the Index.

The slips, as before, have been prepared by Mr. W. H. Price, and the proofs have been read throughout by the President of the Society and the Hon. Secretary. Very useful assistance has again been rendered by the Editor's assistant, Leonard N. Parkin.

The grateful thanks of the Society are due to the President of the Probate, Divorce and Admiralty Division, and also to A. H. Edwards, Esq., Registrar of the District Probate Registry at Chester, for enabling the Society to continue the Index to the year 1820.

Readers are referred to the explanatory list of technical terms and abbreviations which was printed in the Preface to Part I. To that list should be added the following:—

D.R., followed by the date, signifies that a subsequent grant was made on that date out of the District Probate Registry at Chester; the Will having been proved originally in the Consistory Court at Chester.

WM. ASHETON TONGE.
